

Project leader's Curriculum Vitae

University studies

- PhD student in Ecology / PGE UFRN (2016).
- MSc in Ecology/PGE UFRN (2015)/Bachelor Degree in Biology/UFRN (2012).

Courses and workshops

- Bats Ecology and Conservation. UFRN / UCR, Brazil (2015).
- Introduction of MARK program for Wildlife Studies. UECE, Brazil (2014).
- Carnivore Brazilian Conservation Project. UECE, Brazil (2013)
- Behavior of Primates in Captivity and Wild. UFRN, Brazil (2013).
- Biology and Wildlife Management. UFRN, Brazil (2011).

Work and field experience

- Scientific initiation at the project “Ecological factors controlling the invasion of carob (*Prosopis juliflora*, Fabaceae) in the Caatinga biome”. Scholarship: REUNI / UFRN / PIBIC / CNPq (2010-2012).
- Monitor in the Zoology Course at the project “Education in biodiversity: forming skills”. UFRN / CB / Bachelor Degree in Biological Science (2011-2012).
- Collaborator at the project “Behavioral criteria of capuchin monkeys (*Sapajus* sp.) for selection of individuals to reintroduction programs”. UFRN (2012-2012).
- Trainee at Geoconsult - Geology and Environment Consulting Inc (2012-2013).
- Environmental Analyst at Bioconsultants – Natural Resource and Environment Consulting Inc (2015-2016).
- Collaborator at the project “Opportunities for creating protected areas in Caatinga with emphasis in Rio Grande do Norte”. UFRN / WCS / IDEMA (2013-2015).
- Technical Manager of the project “Ecology and Conservation of the little-spottedcat in the Caatinga, Rio Grande do Norte”. UFRN / CEPAN / WCS (2013-2016).

Conferences

- 8th Brazilian Congress of Mammalogy. BSM, Paraíba, Brazil (2015).
- X Brazilian Congress of Ecology. SEB, Minas Gerais, Brazil (2011).
- I International Congress of Ecology. SEB, Bahia, Brazil (2013).

Member of

- Brazilian Society of Mammology (www.sbmz.com.br)

Publications
