Giant Dwarfs: Very large Giant Tropes, *Tropidophis melanurus* (Squamata: Tropidophiidae), and new maximum size records for the species. 28(3) 404–410. <https://doi.org/10.17161/randa.v28i3.15965>
 - **Rodríguez-González, A.M.** 2020. Maximum size record for the Broad-Banded Trope, *Tropidophis feicki* (Squamata: Tropidophiidae). *Reptiles & Amphibians*, 27(3): 515. <https://doi.org/10.17161/randa.v27i3.14903>
 - Rodríguez-Cabrera, T.M., **A.M. Rodríguez[-]González**, and J. Torres. 2018. Herpetofauna of Cayo Carenas, Cienfuegos Bay, South-Central Cuba. *Reptiles & Amphibians*, 25(1): 13–19. <https://doi.org/10.17161/randa.v25i1.14219>
 - Rodríguez-Cabrera, T.M., **A.M. Rodríguez[-]González**, and J. Torres. 2017. Notes on reproduction of *Caraiba andreae peninsulae*: a poorly-known subspecies of the Cuban Lesser Racer (Squamata: Dipsadidae). *Reptiles & Amphibians*, 24(2): 95–102. <https://doi.org/10.17161/randa.v24i2.14157>

Research activities and collaboration in other research/conservation projects

2019–pr. Studies on the ecology of the Giant Trope (*Tropidophis melanurus*), northeast of Villa Clara Province.

2017 Collaboration with project No. 170515264: “Ecology and conservation of threatened endemic Dwarf Boas’ genus *Tropidophis* in central Cuba.” Funded by The Mohamed bin Zayed Species Conservation Fund.

2017 Collaboration with project No. 162513885: “Ecology and conservation of endemic threatened burrowing scorpions’ genus *Didymocentrus* in central Cuba.” Funded by The Mohamed bin Zayed Species Conservation Fund.

- 2017** Herpetological surveys, “Santa Cruz River” Natural Monument, Sierra del Rosario mountain range, Artemisa Province, western Cuba.
- 2016** Collaboration with project No. 19261-2: “Ecology and conservation of the endemic scorpion genus *Tityopsis* in native forests of western Cuba (II).” Funded by The Rufford Foundation.
- 2016** Arachnological surveys, western side of the Cienfuegos Bay, in south-central Cuba. Supported by the Cienfuegos Botanical Garden.
- 2016** Arachnological surveys, Anafe range, north of Artemisa Province, western Cuba.
- 2015** Herpetological surveys, western side of the Cienfuegos Bay, in south-central Cuba. Supported by the Cienfuegos Botanical Garden.
- 2015** Herpetological surveys, coastal region north of La Habana Province, western Cuba.
- 2015** Studies on the ecology of the Cuban boa (*Chilabothrus angulifer*) in caves south of La Habana Province.
- 2014** Herpetological surveys, “Pico San Juan” Ecological Reserve, Guamuha mountain range. Supported by the Cienfuegos Botanical Garden.
- 2014** Herpetological surveys, coastal region south of Cienfuegos Province. Supported by the Cienfuegos Botanical Garden.
- 2013** Herpetological surveys, coastal region north of Mayabeque Province, western Cuba.
