

RESUME (CV)

RESUME (CV)			
1	Name	Abdulaziz Davlatov	
2	Date of birth	18.06.1983	
3	Place of birth	Tajikistan	
4	Place of residence	Tajikistan	
5	Gender	Male	
6	Age	39	
7	Nationality	Tajikistan	
8	Scientific degree	Dr. PhD	
9	Education	<p>2000-2005. Student of the Bokhtar State University after Nosiri Husrav (Tajikistan), Department of Biology.</p> <p>2006-2008. Postgraduate student of the Department of systematics of invertebrates' animals of the Institute of Zoology and Parasitology after E.N. Pavlovskiy, Academy of sciences of the Republic of Tajikistan.</p> <p>2011. Institute of Zoology and Parasitology after E.N. Pavlovskiy, Academy of sciences of the Republic of Tajikistan – Candidate of Biological Sciences, Moscow, High Certificate Committee Russian Federation</p> <p>2014-2018. PhD student of CAS-TWAS President's Fellowship Program, Institute of Zoology, Chinese Academy of Sciences</p> <p>2018. Institute of Zoology, Chinese Academy of Sciences – PhD, Beijing, Upon the recommendation of the Degree Awarding Committee, University of Chinese Academy of Sciences</p> <p>2020-2021. Postdoc, Institute of Zoology, Chinese Academy of Sciences (CAS President's International Fellowship Initiative (PIFI))</p>	
10	Professional activity	<p>2009 – 2014, the Junior researcher of the Department of systematics of invertebrates' animals of the Institute of Zoology and Parasitology after E.N. Pavlovskiy, Academy of sciences of the Republic of Tajikistan.</p> <p>2018 up to now the Senior researcher of the Department systematics of invertebrates' animals of the Institute of Zoology and Parasitology after E.N. Pavlovskiy, National Academy of Sciences of Tajikistan</p>	
11	Publications	publication	
12		<p>1.A.M. Davlatov. The biology and distributions of <i>Euproctis chrysorrhoea</i> L. (Lepidoptera, Lymantriidae) in Tajikistan., News AS RT, Branches Biol. and medical Sciences. 2007, №3 (160): 12-16. (In Russian).</p> <p>2.A.M. Davlatov. Distribution and biology of <i>Euproctis (Porthesia) kargalica</i> Moore (Lepidoptera, Lymantriidae) in Tajikistan., News AS RT, Branches Biol. and medical Sciences. 2008, №1 (162): 19-23. (In Russian).</p>	

	Outstanding publications	<p>3.A.M. Davlatov. Trophic bounds and harmfulness of the two brown tails moth (Lepidoptera, Lymantriidae) in Tajikistan., News AC RT, Branches Biol. and medical Sciences. 2009, № 2 (167): 29-34. (In Russian).</p> <p>4.A.M.Davlatov. Natural enemies of brown tails moth (Lepidoptera, Lymantriidae) in Tajikistan. Reports of the Academy of Sciences of the Republic of Tajikistan, 2009, V. 52, №6: 470-473. (In Russian).</p> <p>5.A.M. Davlatov. Parasites - number regulators brown tails in Tajikistan. Magazine of Protection and quarantine of plants, Moscow, № 2, 2010, p. 56. (In Russian).</p> <p>6.Abdulaziz Davlatov, Gexia Qiao, Chun-Sheng Wu Butterfly fauna (Lepidoptera: Phopalocera) of the Peter the Great Mountain range (Tajikistan). <i>Zoological Systematics</i>, 41 (3): 2016, 318-322.</p> <p>7.Abdulaziz M. Davlatov, Chun-Sheng WU Description of a new species of the genus <i>Caeneressa</i> from China, with a checklist of the genus (Lepidoptera: Erebidae). <i>Zootaxa</i>, 2018, 4374 (2): 294-300.</p> <p>8.Tingting Dong, Guo Zheng, Abdulaziz Davlatov, Zhiyuan Yao, Shuqiang LI Two new species of the spider genus <i>Pholcus</i> Walckenaer, 1805 (Araneae, Pholcidae) from Tajikistan, with the first description of female <i>Pholcus sidorenkoi</i> Dunin, 1994. <i>European Journal of Taxonomy</i>, 2017, 301: 1–14.</p> <p>9. Abdulaziz Davlatov First records of <i>Vanessa atalanta</i> (Linnaeus, 1758) in Tajikistan (Lepidoptera: Nymphalidae). <i>Entomologist's Gazette</i>, 2022, 73: 45–48.</p> <p>10. A.M. Davlatov. Fauna of butterflies (Lepidoptera, Phopalocera) of Shah Sands South-Western Tajikistan. Reports of the National Academy of Sciences of Tajikistan. Branches Biol. and medical Sciences. 2020, №4 (211): 35-39. (In Russian)</p> <p>11. A.M. Davlatov. Morphological analysis of three species of the butterflies (Lepidoptera: Lycaenidae, Satyridae) from the Pamir. Reports of the National Academy of Sciences of Tajikistan. Branches Biol. Sciences, 2021, №1 (212): 45-50. (In Russian)</p> <p>12. A.M. Davlatov. The Red Book of the Republic of Tajikistan. Section of Insects (Lepidoptera). Second edition, 2017: 128 – 168.</p>
13	Area of research	Taxonomy, phylogeny and ecology of Lepidoptera
14	Experience of job with the international organizations and above the project	<p>2006-2007. Team member of Project «Protected Areas and Biodiversity Management in the Gissar Mountains» (GEF, UNDP).</p> <p>2008. Team member of Project «Landscape ecology and the integrated management of pests» (ICARDA, the USA).</p> <p>2013 – 2016. Principal investigator of international co-research project between China and Tajikistan governments «Biodiversity of Tajikistan's animals».</p>

		2011 – 2017. Team member of the project «Second edition of the Red book of Tajikistan»
